Prepared. For Life.™

The purpose of the Council Facilities Committee is to coordinate the maintenance, repair and improvements of our council camps and properties.

- Assist the camp rangers, camp committees, camp directors and staff professionals in maintaining our properties to the highest level possible.
- To coordinate ideas from multiple sources into a singular vision for improvements that best fit the goals of the BSA and our Council's program.
- Gather suggestions from the Scout leaders that serve our youth as well as camp staff and campers; facilitate and coordinate volunteer work weekends to serve our council camps.
- Assist with budget preparation for the council staff professionals.

FAQ's

Who are the committee members? The committee is made up from members of LRPP committee, members of camp committees, camp rangers and council professionals.

How will I know if and when my idea is going to be implemented as an improvement project? You will be contacted concerning your suggestion. If adopted, you will be involved in the planning process for your project.

How long until my project idea happens. It depends on how it fits with other improvements already scheduled, when funds will be made available and work weekends can be scheduled. You should expect the approval, budgeting and planning process to take months rather than weeks.

Is there a way to fast track the construction of a project that has been approved? The more resources, especially labor and materials, that you can commit to your proposal the greater chance that it can happen sooner

Please submit with the form on a separate piece of paper the following:

A sketch front, top and side view of your project

A sketch side, back and isometric view of your project
